Transformative Funding

GLIF aims to transform the funding landscape for SME businesses and to help achieve economic growth through enterprise, promoting an inclusive and sustainable economy for London.

Providing  
debt finance between  
**£100k and £1m.**

For early-stage and established businesses that can demonstrate **growth potential.**

Loans are available for a range of activities to facilitate growth. We focus on business potential rather than the security available and will work alongside entrepreneurs and SME business owners to help them achieve their growth ambitions.

GLIF is investing in innovation led SMEs that are looking to scale up and realise their growth ambitions. Support will focus on, but is not limited to, sectors identified as key areas for achieving fair and sustainable economic growth.

**Priority sectors:**

- Advanced urban services
- Cultural & creative industries
- Financial & business services
- Life sciences
- Low carbon & environmental goods & services
- Tech & digital
- Tourism
